See Continuation Sheet

Part III.

☒ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.

☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.

(Examiner/SPE Signature)

(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: The importance of ensuring that the novel ability taught in the application of providing an antenna element in which the current distribution can be adjusted along the section axis, is present in the independent claims, in order to clarify the difference in applicant's structure of other prior art antenna elements. Additionally the elimination of intended use issues was discussed. Applicant gave the examiner permission to make an examiner's amendment in order to further the application forward towards allowance. The examiner was thanked for her time..
